Euro Bonds Short Term - "Y"

A Sub-Fund of New Millennium

"Distribution" shares (ISIN LU1362558352)

This SICAV is managed by **NATAM Management Company S.A.**

Objective and Investment Policy

- **Banca Finnat Euramerica S.p.A.** is the Investment Manager of the Sub-fund;
- The objective of the Sub-Fund is to achieve returns in excess of those which can normally be achieved through monetary instruments while trying to maintain a low risk profile;
- Through discretionary choices, the Sub-Fund invests in deposits, money market instruments as well as fixed and variable bonds denominated in Euro issued mainly by governments and supranational bodies;
- A wide degree of discretion is allowed with respect to the **benchmark** which is made of:
 - 90% B-Barclays Emu Govt Bond 1-3 y TR (LEG1TREU)
 - 10% B-Barclays Pan Euro Corp FRN bond TR (BPE2TREH)
- Derivative instruments, which are financial contracts whose value depends on the market price of a reference asset, can also be used for investment purposes provided that the total commitment does not exceed, at any moment, 20% of net asset value of the Sub-Fund;
- Investors may redeem their shares on any business day for Luxembourg banks;
- A dividend equal to index Euribor 3 months+30 bps is distributed on a yearly basis regardless of the performance of the Sub-Fund

Risk and Reward Profile

- The risk category is based on a synthetic indicator linked to historical data over a 5-year period and is not a reliable indication about the future risk profile of this class of shares; it is not guaranteed and it may change over time;
- The risk indicator for the Sub-Fund is set at 3 because the volatility of its past returns has been medium-low mainly because of the fluctuations of both fixed and variable rate bonds and monetary financial instruments denominated in EUR;
- The lowest rating does not mean a risk-free investment;
- The calculation for this share class was made on the basis of the data of Class "A" and Class "D" which, being pre-existing classes of shares, have a long enough track record to make the calculation meaningful;
- This Sub-Fund is not a guaranteed capital fund and the following **risks**, though not detected by the synthetic indicator, can be relevant for the Sub-Fund:
 - The value of the investment may rise as well as fall significantly and it is possible to receive less than originally invested;
 - Significant changes in interest rates may cause large fluctuations in bonds;
 - Derivative instruments can be used to increase, limit or keep the risk level of the Sub-Fund. The strategy implemented by the Manager may not always be successful and the Sub-Fund could therefore incur in significant losses;
